3. Before the draw begins, the moderator explains about the draw machine and its operations to ensure all concerned are made aware on our fair and transparent draw procedures. The draw machine is thoroughly inspected by the draw judges before the draw commence.

4. Draw starts.

Draw for the major prizes are conducted first followed by the other prize levels. Following points are covered while winning numbers are drawn in accordance to the current scheme.

- Prize level starts from 1st to till 5th prize
- No of Winners in each prize level
- Prize Amount for each level of prize
- The number of digits drawn on winning digit for each prize level
- No. of Rows used on the machine to get the required number of winners
- No. of presses on the control panel by the judges to get the required number of winners
- Printed numbers of winning digits on result and how it gives the exact numbers of winners

Judges are invited to assist the draw by pressing the button on the control panel that draws the winning numbers. The winning number is displayed on the numbering wheels of the machine and is announced and recorded in the result sheet by the judges as well as on the digital.

5. End of the draw

At the end of the draw, the result sheet recorded by the judges is verified with the digital screen records to ensure there are no errors in the winning numbers recorded.

The official result sheet is compiled after the verification; the result sheet is signed by the CEO, BLL and then published on our website, official social media page and Kuensel.
